The applicant must notify the Land Resources office at 262-335-4445 for an inspection and posting of the permit prior to starting the project (after the proposed structure is staked and after erosion control is installed, if applicable) and call for an inspection after the project is complete. Applicant is responsible to obtain all other required permits from the Town, DNR and/or Army Corps of Engineers. Any modifications, expansions or alterations in the scope, scale, or methods of operation of this permit shall require additional review and approval by a Land Use Inspector before being implemented.

**You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the Wisconsin DNR web page and search wetlands.

I certify that the foregoing statements and information on attached map, plans and other exhibits are true and correct to the best of my knowledge and that I have read and understand the above statement concerning construction around wetlands.
