SECTION 1. FINDINGS

The Village Board finds that the proposed amendment is consistent with the overall spirit and intent of the Village's comprehensive plan.

SECTION 2. AMENDMENTS

1. The first policy in the housing section on page 13 of the Policy Document is revised to read as follows:

The Village will only rezone land for multi-family housing that exceeds 8 dwelling units per acre when the proportion of multifamily is 30 percent or less of the total housing stock (housing units), except when the proposed multifamily housing is:

- (1) located in the Downtown Core or the Downtown Transition area as depicted on the future land use map,
- (2) part of a qualified tax increment financing (TIF) district that is established to eliminate blight,
- (3) designated as infill housing development on the future land use map,
- (4) part of a mixed-use development project developed as a planned development district, or
- (5) part of an adaptive reuse project developed as a planned development district.

For the purpose of this policy, multifamily does not include duplexes, attached housing with individual entries (e.g., townhouses, rowhouses), or special housing facilities such as nursing homes and housing predominantly for seniors.

2. The description of “Mixed Residential” on page 22 of the Policy Document is revised to read as follows:

Mixed Residential: This designation is intended for a variety of residential units focused on multiple family housing (i.e., 3+ unit buildings), at densities up to 9 dwelling units per acre which corresponds to the TR-8 and AR-9 zoning classifications. Single-family detached housing, attached single family residences with individual entries (e.g., townhouses, rowhouses), existing mobile home parks, and small public and institutional uses—such as parks, schools, churches, and stormwater facilities—may also be within this designation.

3. The future land use map in the Policy Document is revised by designating various properties as Infill Development as depicted below. For the purpose of this part, properties shown as Infill Development are generally vacant or otherwise underdeveloped properties.
