Zoning Board of Appeals

COMPLIANCE WITH THE FOLLOWING RULES WILL IN NO WAY GUARANTEE APPROVAL OF AN APPLICATION.

It may even be necessary for the board to request additional information to make its decision.

The Zoning Board of Appeals meets on the third Wednesday of each month at 7:00 P.M. local time at the Parma Town Hall, 1300 Hilton Parma Corners Road, Parma, New York.

The burden of proof for all applications is on the applicant, who should be prepared at the time of the public hearing to describe the application, state the necessity for the application, and show compliance with the applicable tests for approval (see attached sheets applicable specifically to area variance). The applicant, or the applicant's duly authorized agent, must appear at all public hearings held on the application. Failure to appear may result in automatic denial.

The requirements set out in this packet for the applications to the Zoning Board of Appeals are not to be considered all-inclusive. Depending on the nature and scope of a particular application, it is the prerogative of the Building Inspector, or the Zoning Board of Appeals to request more information of the applicant.

A complete package of application materials must be filed with the Building Department of the Town of Parma on or before the submission deadline for the required hearing date of the application. A schedule of public hearing dates, including submission deadlines, is available from the Building Department secretary. **An application to the Zoning Board of Appeals will not be accepted until all required materials have been deemed to be complete and accurate.** The Board has adopted a policy of accepting only the first six (6) complete applications submitted for any one agenda. **All application materials will be available for public review.**

The Zoning Board of Appeals is made up of community members. All members are expected to visit the project site at their convenience. **If you have any visitation restrictions such as times/dates etc., please notify the Building Department so specific arrangements can be made.**

STANDARDS FOR THE GRANTING OF AREA VARIANCES TOWN LAW SECTION § 267-b.

§ 267-b. Permitted action by board of appeals.

Power to Grant Area Variances

3. Area variances.

- (a) The Zoning Board of appeals shall have the power, upon an appeal from a decision or determination of the administrative official charged with the enforcement of such ordinance or local law, to grant area variances as defined herein.

Tests for Granting Area Variances

- (b) In making its determination, the zoning board of appeals shall take into consideration the benefit to the applicant if the variance is granted, as weighed against the detriment to the health, safety and welfare of the neighborhood or community by such grant. In making such determination the board shall also consider:
 - (1) whether an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of the area variance;
 - (2) whether the benefit sought by the applicant can be achieved by some method, feasible for the applicant to pursue, other than an area variance;
 - (3) whether the requested area variance is substantial;
 - (4) whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district;
and
 - (5) whether the alleged difficulty was self- created, which consideration shall be relevant to the decision of the board of appeals but shall not necessarily preclude the granting of the area variance.

Minimum Variance Necessary

- (c) The Zoning Board of appeals, in the granting of area variances, shall grant the minimum variance that it shall deem necessary and adequate and at the same time preserve and protect the character of the neighborhood and the health, safety and welfare of the community.

Power to Impose Conditions

4. Imposition of conditions. The board of appeals shall, in the granting of both use variances and area variances, have the authority to impose such reasonable conditions and restrictions as are directly related to and incidental to the proposed use of the property. Such conditions shall be consistent with the spirit and intent of the zoning ordinance or local law, and shall be imposed for the purpose of minimizing any adverse impact such variance may have on the neighborhood or community.
