

# Conditional Use Village of East Troy, Wisconsin

Version: January 1, 2022

Village of East Troy  
2015 Energy Drive  
East Troy, WI 53120

**Overview:** The Village's zoning code identifies land uses that may be allowed in each of the zoning districts either by right or as a conditional use. By definition, a conditional use is a land use that may or may not be appropriate on a given parcel depending on a wide range of factors that relate to the proposed use and the particular circumstances relating to the parcel and surrounding properties. Conditional uses are therefore considered on a case-by-case basis. As part of the review process, the Plan Commission conducts a public hearing to solicit input from the general public and other interested parties. When reviewing conditional use applications, the Plan Commission serves in an advisory capacity to the Village Board, which makes the final decision. The recommendation of the Plan Commission and the decision of the Village Board are based on the evidence and testimony received as part of the application and through the public hearing process.

**Governing regulations:** The procedures and standards governing the review of this application are found in Section § 510-157 of the Village's zoning code.

8. Proposed use. Describe the proposed conditional use or the proposed amendment.

9. Evaluation criteria. The factors listed below will be used in evaluating this application. Your responses are important.

1. Whether the proposed conditional use (the use in general, independent of its location) is in harmony with the purposes, goals, objectives, policies and standards of the Comprehensive Plan, the zoning code, and any other plan, program, or ordinance adopted, or under consideration pursuant to official notice by the Village.

This structure will further add to the corner that before LD's BBQ was an eyesore. The building will match exactly the current LD's structure

2. Whether the proposed conditional use (in its specific location) is in harmony with the purposes, goals, objectives, policies and standards of the Comprehensive Plan, the zoning code, and any other plan, program, or ordinance adopted, or under consideration pursuant to official notice by the Village.

This addition will match the current code and theme of LD's BBD

3. Whether the proposed conditional use, in its proposed location and as depicted on the required site plan results in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of the zoning code, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to official notice by the Village or other governmental agency having jurisdiction to guide development.

There should be nothing to change current operations of any businesses. Conversely, this change should prove to bring even more people to town to visit

4. Whether the proposed conditional use would maintain the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.

5. Whether the proposed conditional use is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvements, facilities, utilities or services provided by public agencies serving the subject property.

Electricity will be the only addition and should have less draw than the previous car wash business. An electrical service is already on site

6. Whether the potential public benefits of the proposed conditional use outweigh any and all potential adverse impacts of the proposed conditional use after taking into consideration the applicant's proposal and any requirements recommended by the applicant to ameliorate such impacts.

This addition will prove to increase revenue as well as taxable income to village of East Troy
