APPLICATION for MINOR LAND DIVISION

Application Checklist:

(This Application shall be completed in full. The Town of West Bend shall not accept any Application for Minor Land Division until all of the information below, as required under Section 18.3.03 of the Town of West Bend Land Division Ordinance, is submitted as attachment to this Application. Please confirm inclusion of the required information by checking each item below).

The Certified Survey Map shall show correctly on its face the following (as applicable):

- All Existing Buildings, watercourses, drainage ditches, and other features pertinent to proper land division.
- Setbacks or Building Lines if required by the Town Plan Commission in accordance with the guidelines set forth in Section 7.07 of the land division ordinance.
- Utility and drainage easements.
- All lands dedicated for public use or reserved for future acquisition.
- Date of the Certified Survey Map.
- Graphic Scale and North Point.
- Name and Address of the owner, subdivider and surveyor.
- Existing and Proposed Contours at vertical intervals of not more than two (2) feet where the slope of the ground surface is less than 10 percent, and of not more than four (4) feet where the slope of the ground surface is 10 percent or more. Elevations shall be marked on such contours based on National Geodetic Datum of 1929 (mean sea level). This requirement may be waived if the parcel or parcels created are fully developed.
- All Proposed Streets, roads, or highways within 300 feet of the boundaries of the parcels created by the minor land division.
- Floodplain Limits of the 100-year recurrence interval flood, or where such data is not available, a line lying a vertical distance of five (5) feet above the elevation of the maximum flood of record.
- Location of Soil Boring Tests. The Town Plan Commission, upon recommendation of the Town Engineer, may require that borings and tests be made in specified areas to ascertain subsurface soil, rock, and water conditions, including depth to bedrock and depth to ground water table. Where the land division will not be served by public sanitary sewer service, the requirements of Chapters SPS 383 and SPS 385 of the Wisconsin Administrative Code for soil borings shall be met. The location of all soil borings shall be shown on the certified survey map and two (2) copies of all test results shall accompany the map. Where soil mottling or saturated conditions are observed in the soil profile, the Plan Commission may prohibit the future construction of principal buildings.
- Location of Soil Percolation Tests where required by Section SPS 385.06 of the Wisconsin Administrative Code, taken at the location and depth in which soil absorption waste disposal
