ESCROW FEE FORM for costs related to town planning, engineering and related services

Requests of the Town of Trenton to take action regarding real estate requires the services of the Town Administrator and may also require services of other professionals such as land use planners, engineers, attorneys, to research, review and advise the Town regarding a request. Town Ordinance §380-118 requires the Applicant to pay the reasonable and necessary charges associated with these services.

To cover anticipated costs, the Town of Trenton requires that each application submit a fee to be placed in an escrow account in accordance with the attached schedule, in addition to the base application fee. Services are billed as shown below. These costs are in addition to any other fees or costs payable by you as Applicant for your requested actions. These costs will be taken from your escrow account. If the costs exceed the escrow payment, you will be billed monthly for all additional costs, or asked to increase the escrow account. If the costs are less than the submitted escrow amount, you will be reimbursed the difference by the town after final action regarding your request. Outstanding balances at the conclusion of the project must be paid in full before permits are issued or the requested changes are implemented. Outstanding balances are subject to 18% annual interest, billed as 1.5% monthly.

Clarification of the estimate of costs for professional planning and engineering services for your application may be obtained in advance by contacting Town Administrator Cindy Komro at 262.675.6009 x106 or townadmin@townoftrenton.wi.gov. Examples of costs for services include site visits (including travel to and from the property), reviewing the application and accompanying materials, preparing reports for Plan Commission meetings, and time spent on considering the application at Plan Commission and Town Board meetings. To expedite the review process and keep fees to a minimum, Applicants are encouraged to submit complete applications.

You have the right to engage consultants of your own choosing, at your own expense, to assist you in presenting your application(s) and/or request(s) to the Town of Trenton. However, the Town retains the right to engage professional services to review the work of your consultants and to bill you for their services.
