

Array #	Pitch	Azimuth	PV (SqFt)
1	20°	148°	570

Legend:

- Meter
- Disconnects
- Backup Gateway 3
- Powerwall 3 / Expansion Pack
- Existing Main Panel
- New Main Panel

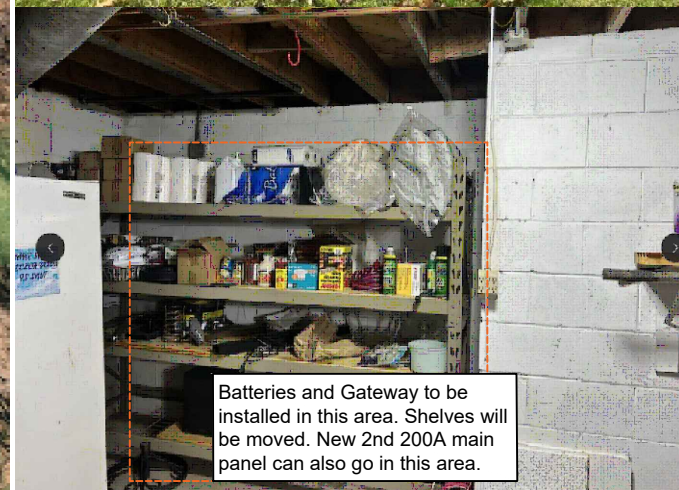

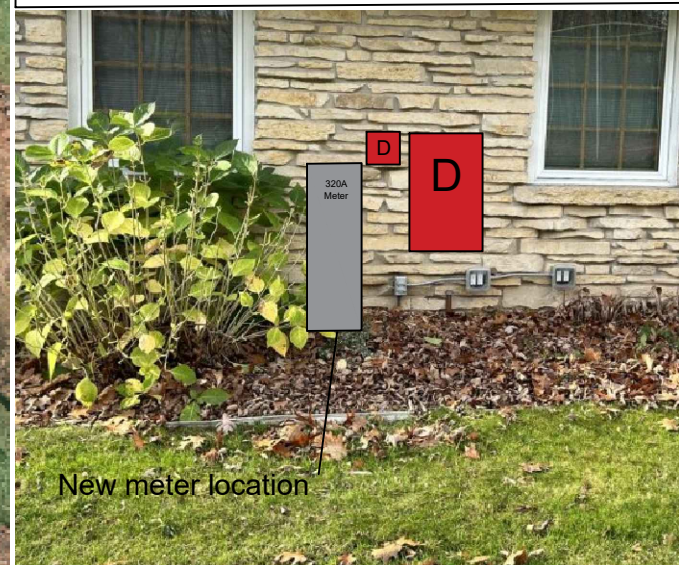

Equipment Location:

New 320A meter will be relocated outside the East side of the house.

Existing main panel is in the basement, near old meter location. Add a new second 200A main panel in basement.

E Stop and utility disconnect will be located adjacent to new meter.

Backup Gateway, Powerwall 3 and DC Expansion Pack will be located just inside from new meter location.
